

## LONDON FESTIVAL OF ARCHITECTURE

### Competition Brief, Rules and Terms and Conditions

#### Introduction

**IMAGINE HAMMERSMITH** is an ideas competition for the future of Hammersmith Town Centre organised by West London Architectural Society (RIBA), West London Link and HammersmithLondon BID as part of the London Festival of Architecture 2016.

#### Brief

This is a unique opportunity to promote an idea which **YOU** might have to make the centre of Hammersmith a better and more exciting place.

Hammersmith Town Centre has been blighted by the A4 and the flyover since the 1950's and yet is only a stone's throw from a particularly charming riverside. How should Hammersmith Town Centre reconcile all the pressures of being a major transport hub, shopping centre, business centre . . . and an attractive place to live, work and visit?

**SO WHAT CAN YOU IMAGINE** for the Hammersmith Town Centre of the future (see definition of the Town Centre below). If you have an idea, now is your chance to air it in public. It could be any design idea to do with the environment: a public space, a building, a landscape project, an infrastructure project, an installation, an event, large or small, permanent or temporary. The aim of this competition is to attract creative and interesting ideas, which can be put to the elected decision makers and into the public arena.

This competition is open to anybody – Not just architects and designers and there is a separate category for entries from local schools or individual children under 16.

This competition is independent of the Masterplanning and Consultation exercises currently being sponsored by London Borough of Hammersmith and Fulham for the Town Centre, but all the schemes will be presented to the Council and their consultants for their consideration and possible adoption as part of the Town Centre improvement strategy.

#### Definition of Hammersmith Town Centre

For the purposes of the competition the Town Centre is as defined by HammersmithLondonBID (See Map attached). Entries should be relevant to this defined area.

#### Prizes

Several prizes and a series of commendations will be awarded to the best schemes.

Hammersmith Town Centre 1st Prize: Up to £1,000

Best under 16s entry One prize £500 – To school or individual

#### Exhibition

The results will be announced at an awards night on Monday 27<sup>th</sup> June, immediately following the judging by an independent judging panel. The awards night will be an event for an invited audience of all entrants, architects, artists, designers, developers and local authority representatives. The entries will then be presented to the broader public in a high profile exhibition. This will provide a platform for a debate on the ideas raised by the competition by allowing the broader public to view and consider the entries. The exhibition will consist of the entries on wall mounted boards and there will be an on-line gallery.
